Private Labeling & Contract Manufacturing

Orchid

Lifesciences

Orchid Lifesciences is a very promising oral care and personal hygiene product manufacturing company with a vision to add value to the ever changing life sciences of the people across the globe. With a mission to position ourselves and get recognised as a global leader in oral care and personal hygiene products, we have come up with a state of art manufacturing facility in the city of Ahmedabad, Gujarat India.

PRIVATE LABELING

We manufacture and export cosmetics and personal care products; we also offer our customers the facility of "Private Labeling"; wherein they can market our thoroughly tested and superior quality products, under the desired brand name. This labeling can be done as per your exact specification, including changes in material composition, choice of container, packaging etc.

Orchid Lifesciences is a perfect combination of industry experts with experience of over 40 years and a dynamic young team that can expedite the vision of the company. With such a diverse workforce and state of art manufacturing facilities, we endeavour to upraise as well as innovate the Oral Care and Personal Hygiene industry and to achieve such a goal, our entire approach is based on research and innovation through response driven customer feedback.
